# About us

We understand the value of connectedness - our team brings together a multitude of cultures and languages. We are united in a desire to provide our partners with the highest standard in enterprise communication.

Our story began back in 2001, with a mission to run high-quality telecommunication services across the whole world.

17 years later, we've been joined by more than 1,200 partners in hundreds of countries.

As an international carrier, LANCK Telecom cooperates with leading telecommunication providers in every region of the globe and delivers exceptional voice and SMS traffic worldwide.

We are honored to call more than 1,200 international companies, including industry leaders, our partners.

LANCK Telecom is proud that our competitive rates, individual approach, and world-class 24/7 support team make us the professional choice for your traffic.
